## Non-advised services

We do not have a set cost or charge in relation to non-advised services. The amount you will pay will be dependent upon the type of transaction and value of the transaction that you engage us to implement. We can be paid in the form of a fee payable by you or by commission paid by the product provider. If you choose for us to be paid by commission, this does not mean you are not paying us, as the commission paid will be reflected in the charges that the provider makes against your transaction.

4. We will discuss your payment options with you and answer any questions you have. If we are to be paid by commission, we will tell you the amount we will receive. If we are to be paid for implementing a transaction by a fee payable by you, we will not complete any business until we have agreed with you how much this will be and how we are to be paid.

#### Advised services

- 5. You will pay for our services on the basis of the work undertaken for you. Generally this will relate to the advising on and arranging of financial products on your behalf.
- 6. We will discuss your payment options with you and answer any questions you have. We will tell you the specific amount payable before we carry out any chargeable work for you.

#### The cost of our Initial Services

7. Our standard charges are broken down as follows:

To determine your objectives, create a financial plan that will give you a chance to meet your goals, review your existing investments/pensions/policies and implement these recommendations we charge a minimum fee of £1,500 or 1.5% of the funds you are placing under management should it be greater, capped at a maximum of £15,000.

### For Example:

Investing: £50,000-£100,000 our minimum fee is £1,500 Investing: £100,001 to £1m our fee is 1.5% of your investment

Investing: £1m+ our capped fee is £15,000

Should you wish to work on a transactional basis our fees would be based on our minimum fee of £1,500 which would provide up to 6 hours of work based on our hourly rate of £250ph. Where the work involved is expected to exceed 6 hours, we will tell you about the specific costs and will not carry out further chargeable work until we have received your agreement to proceed.

Note: VAT may apply in some circumstances. We will tell you if VAT is to be paid.

### Your payment options

## Settling your adviser charge through a single payment

8. Whether you buy a product or not you will be required to pay us an adviser charge for our advice and services, this will become payable on completion of our work. You may decide to settle your adviser charge by way of a single payment either by cheque, debit card, credit card or bank transfer. Where you have purchased a product, you may also have the option of paying our adviser charge by a single deduction from the product.

### Settling your adviser charge by instalments

- 9. In the case of regular premium products, you may have the option of paying our adviser charge over an agreed period of time but within 12 months of our advice. We will agree with you the amount and timescale of payment that is best for you. The instalments only cover the adviser charge and will not cover the cost of any ongoing service, which will be agreed with you separately.
  - a. Paying by instalments through your recommended product

Some regular premium product providers will accept your specific instruction to pay our adviser charge from the product you have purchased. They will require you to instruct them of the amount to be paid for each instalment and the number of instalments to be made.

While this option means that you will not pay us up front, it does not mean that you are not paying us. Our adviser charge will be paid indirectly through the product deductions. These deductions could reduce the amount left for investment.

### b. Paying by other arrangements

We can facilitate payment by instalments through a direct debit or standing order agreement.

### Keeping up with your payments

10. It is important that where you have decided to pay your adviser charge by way of instalments, you keep up with your payments. Where you do not keep up with your payments, the total outstanding amount will become immediately payable on demand.

### **Payment for Ongoing Services**
